BM in MUSIC PERFORMANCE: String Emphasis (484649) MAP Sheet
School of Music

For students entering the degree program during the 2013–2014 curricular year.

The bachelor of music degree in performance prepares the student for professional work as a performer, a studio teacher, or a combination of both. Some will pursue advanced work on the graduate level to prepare for a performance career or college teaching.

This is a limited enrollment program requiring departmental admissions approval.

Prerequisites: Admission applications to the School of Music must be received by January 15. Live auditions are held on the last Saturday of January. Those who cannot attend the live audition must submit a VHS/DVD prescreening audition recording by December 1. Second round auditions for invited students will be held on the last Saturday of January.

Students are required to take an aural skills examination and may take it in one of three ways: (1) in a group, at admissions auditions on the last Saturday of January; (2) individually, at the BYU Testing Center (call 801-422-6147 to schedule times), or (3) individually by proctor at other locations (call the School of Music office to arrange). Students may take the exam as many times as desired to improve their score, but may not enroll in theory core courses (Music 193, 195, 197) until the exam is passed. Students who receive a score of 4 or 5 on the aural part of the AP music exam are exempt from this exam.

Students who do not have a keyboard emphasis (piano or organ) must complete the piano proficiency by the end of the sophomore year. Students can fulfill the piano proficiency by (1) taking one or both of Music 221, 222 or (2) taking the piano proficiency exam (call the School of Music for more details).

THE DISCIPLINE:
- The School of Music respects and celebrates the historic position of music at the heart of a liberal education and the gospel. From ancient times, music has proven its power to enlighten the understanding, strengthen the spirit, and shape character. With this power music civilizes and invigorates any society in which it is cultivated.
- In the School of Music the student learns self-discipline through rigorous practice in pursuit of accurate and passionate performance. The student also learns cooperation and mutual sensitivity through ensemble work. In the study of music theory and history, the student comes to hear and appreciate the grammar and syntax of various musical languages, to distinguish nuances of style, and to grasp the ways in which styles interwove with ideas. Students learn in a variety of situations: private lessons, small seminars, multimedia labs, and large lectures. These are offered with a holistic approach that embraces academic rigor, intuitive insight, physical grace, and spiritual eloquence.

CAREER OPPORTUNITIES:
- The School of Music leads its students toward careers in performance, studio teaching, music education, creating and managing music projects for the media, recording and sound technology, arts management, music journalism, composition, music therapy, and other music-related professions. Because the music curriculum is rigorous, it is also an excellent preprofessional course of study for those interested in fields as diverse as law, business, library science, or medicine. Whatever degrees one obtains, however, an education in music permits not only to earning a living through the art but also using the art to enhance one’s satisfaction and joy in living.
- BA, BFA, BM, MA, and MM degrees are available.

FACULTY:
- The music faculty includes active performers, composers, music educators, conductors, theorists, historians, and media specialists who have chosen to mentor the next generation of musicians. They remain involved in their areas of specialization and are anxious to share the learning experience with students entrusted to their care. Many of the faculty have received prestigious recognition for their teaching scholarship, performance, composition, directing, or producing.
- The School of Music has a full-time faculty of 50, a part-time faculty of 49, and a full-time staff of 13, all uniquely qualified to serve the needs of a diverse body of students.

FACILITIES:
- The department is housed in the Harris Fine Arts Center, a comprehensive fine arts complex that includes five theaters, two large rehearsal rooms, practice space, classrooms, two piano labs, a multi-track automated digital recording studio, and electronic music studios. Additional large rehearsal spaces and teaching studios for music dance theater students are found in the Richards Building.
