THE DISCIPLINE:
The Department of Art serves five main purposes:
1) preparing competent professionals in various fields of the plastic and graphic arts;
2) preparing qualified designers in problem solving of two- and three-dimensional applications;
3) training historians who can critically appraise works of art;
4) preparing art educators for teaching the visual arts at the elementary and secondary levels; and
5) generally developing the aesthetic sense of individuals by helping them experience art.

CAREER OPPORTUNITIES:
The art education degree certifies the student as an art specialist, grades K-12, in public or private institutions. Other opportunities for the certified art specialist are in foreign school systems, recreation programs, art museum education programs, and galleries. Students qualify for positions in artist-in-the-schools programs and arts councils and as art critics and arts consultants/coordinators. The degree also provides a foundation for graduate study leading to advanced degrees.

Transfer students applying for art education will need to meet with Dr. Graham. Transfer students will also need to submit an application.

Note: This degree program requires a minimum of 120 hours for graduation. Students are encouraged to complete an average of 15 credit hours each semester or 30 credit hours each year, which could include spring and/or summer terms. Taking fewer credits substantially increases the cost and the number of semesters to graduate.
