*THESE CLASSES FILL BOTH UNIVERSITY CORE AND PROGRAM REQUIREMENTS (11–21 hours overlap)

**Note:** Only one registration of Fren 490R will count toward the major requirements.

Complete the following before enrolling in Fren 378.

The rating will be recorded on the student's transcript. The expected minimum rating of advanced—low must be completed before applying to student teach.

**Note:** Before applying for student teaching or an internship, students must receive an official OPI certificate from ACTFL with a rating of advanced-low or higher and take the French PRAXIS test. At least one month before student teaching applications are due, students should schedule an OPI through the Center for Language Studies, 3086 JFSB.

Strengthening Oral Skills. The Department of French and Italian offers the following resources to strengthen oral language skills: conversation courses (Fren 211R, 311R, 411R), the Foreign Language Student Residence, Study Abroad and internships in French-speaking countries. Please refer to the specific program or course description for detailed information about these resources.

Language Credit by Examination. A student enrolled full-time at BYU whose native language is not French may receive credit by special examination for French for which he or she has acquired the equivalent skill or knowledge. However, this is possible only if no university credit has been given through AP, CLEP, or transfer of equivalent credit from another university or other institutions.

The Foreign Language for Credit Examination is administered by the French and Italian Department twice a year: in November during fall semester and in March during winter semester. Based on enrollment, the credit examination may be administered during spring and/or summer terms. Details about this examination will be provided by the student’s Fren 201, 202, or 321 teacher. Students can test out of classes as follows, depending on a student’s status:

**Students who start with Fren 201 can test out of:**
- Fren 101 and 102 (8 hours).
- Fren 101, 102, 201, 211R (10 hours).
- Fren 101, 102, 201, 211R, and 311R (16 hours).

For returned missionaries to be eligible to take the exam, they need to be enrolled in Fren 201 or 321.

**Note 1:** The above five classes are not part of a French major or minor. The first French minor class requirement is Fren 321.

**Note 2:** Fren 340 fulfills the GE French Language requirement for returned missionaries from France, Belgium, Switzerland and other French-speaking countries. Fren 321 does not.

Accelerated Program. The department offers an accelerated course in beginning French (101 and 102) every fall and winter semester. These courses are offered on the block.

**Foreign Language Student Residence.** An excellent alternative to or preparation for foreign residency is offered through the Foreign Language Housing, where participants speak, eat, and live with a French only rule. This program, with numerous cultural opportunities, is available each semester to women and men who have completed at least one year of college French.

Residents may also receive 2 hours of conversation credit per semester by enrolling in a specially designated section of 211R, 311R, or 411R.

**Study Abroad Programs.** All students of French are encouraged to participate in a Study Abroad program. Study Abroad typically offers during Spring term a language and civilization program in Paris, France. It provides an excellent opportunity for developing language proficiency and better understanding of the history and culture of France. Study Abroad also offers a semester-long program in Paris with an emphasis on general education courses.

**GEneral Information**

The Department of French and Italian strongly recommends that StDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

**The Discipline**

The study of French language and literature sharpens analytical and communicative skills. Students develop proficiency in a foreign language as a means to discover and broaden their understanding of culturally specific as well as universal issues and values.

**Careers:**

Students who complete a BA in French Teaching are licensed to teach French at the secondary level in Utah. Many other states recognize the Utah teaching license and many students have received positions throughout the United States.
