BA in SPANISH TEACHING (555422)
2013–2014

Foreign Residency
The department strongly recommends that all majors participate in an extended (at least two continuous months) and intensive language and culture experience in a Spanish-speaking country or area. A student should complete this requirement by:
1. Residency abroad (may include a Spanish LDS mission attendance at a foreign university, an advanced exchange program, or similar intensive foreign residence).
2. Participating in BYU Study Abroad Programs in Spain or Spanish America.
3. Participating in individual or group-arranged internship programs abroad as approved by the department.

Students unable to participate in one of these programs must spend at least one year (two semesters) in the field of teaching through participation in the foreign language student residence program. Students must fulfill a two-year language requirement and achieve a minimum of 150-160 foreign language course hours (including SPAN 421 and 432).

The Foreign Language Student Residence provides live-in opportunities for students in Spanish. A twenty-four-hour-a-day environment facilitates intensive use of the language, under the direction of native speakers. See the department secretary at 3190 JFSB for information.

Professional Education Component
Contact the Education Advisement Center, 350 MCKB, 422-3426, to schedule the final interview to clear your application for the secondary teaching license. You should be registered for your last semester at BYU prior to the scheduled appointment.

Complete the following:

Span 491 Senior Proficiency Evaluation 0.0
Note: The Senior Proficiency Evaluation is taken in connection with Span 491. Before applying to student teach, achieve a minimum OPI rating of “advanced—low” to obtain Utah state licensure and to graduate.

Language Skills Development
A program to improve and monitor all language skills at each level of course work has been developed by the department and a final oral proficiency examination is required of all graduating seniors. Writing skills in Spanish courses will advance from writing exercises at the 100-level courses to original short themes in 200-level classes. Papers in the language at the 300-level and more extensive research and vocabulary and full control of structures at the 400-level will complete the program.

CAREERS:
The field of teaching has always provided good employment opportunities for Spanish majors. In addition, opportunities for both Spanish and Portuguese have been found in government service (translation, U.S. State Department, CIA, FBI, Border Patrol, Peace Corps, NASA, USAID, business, social work, airlines, banking, etc.). Many majors go on to professional school, law (medicine, dentistry, business, etc.), where a liberal arts background is advised. A strong minor or second major in the employment area is strongly advised.
