Strengthening Oral Skills. The Department of French and Italian offers the following resources to strengthen oral language skills: conversation courses (Fren 211R, 311R, 411R), the Foreign Language Student Residence, Study Abroad and internships in French-speaking countries. Please refer to the specific program or course description for detailed information about these resources.

Language Credit by Examination. A student enrolled full-time at BYU whose native language is not French may receive credit by special examination for French for which he or she has acquired the equivalent skill or knowledge. However, this is possible only if no university credit has been given through AP, CLEP, or transfer of equivalent credit from another university or other institutions.

The Department of French and Italian recommends that students enroll in Fren 201 and 202 every fall and winter semester. Course work must be completed before the student's junior year. The department offers an accelerated course in beginning French (101 and 102) every fall and winter semester. These courses are offered on the block.

Foreign Language Student Residence. An excellent alternative to or preparation for foreign residency is offered through the Foreign Language Housing, where participants speak, eat, and live with a French only rule. This program, with numerous cultural opportunities, is available each semester to women and men who have completed at least one year of college French.

Study Abroad and Internship Programs. All students of French are encouraged to participate in a Study Abroad program. Study Abroad typically offers during Spring term a language and civilization program in Paris, France. It provides an excellent opportunity for developing language proficiency and better understanding of the history and culture of France. Study Abroad offers a semester-long program in Paris with an emphasis on general education courses. Internships in French speaking countries are also available.

**GENERAL INFORMATION**

The Department of French and Italian strongly recommends that students take 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees require preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.

**THE DISCIPLINE**

The study of French language and literature sharpens analytical and communicative skills. Students develop proficiency in French as a means to discover and broaden their understanding of culturally specific as well as universal issues and values.

**CAREERS**

Students who complete a BA in French Teaching are licensed to teach French at the secondary level in Utah. Many other states recognize the Utah teaching license and many students have received positions throughout the United States.
