<td>• The major culminates in a &quot;professional year,&quot; consisting of Germ 377, 378, Sc Ed 379, and other courses of the student's choice taken fall semester. The winter semester consists solely of Sc Ed 476R, student teaching. A continuous year-long placement in public schools is arranged for all three courses.</td>
<td></td>
</tr>
<tr>
<td>• The Department of German and Russian strongly recommends that SiDev 317, a 1-credit-hour course, be taken at the end of the sophomore year or the beginning of the junior year. Because liberal arts degrees provide preparation in a variety of useful fields rather than a single career track, this course is recommended to help liberal arts students focus on specific educational and occupational goals and to identify the career options or educational opportunities available to them. The course will introduce them to the resources needed for accessing information about graduate schools, internships, careers, and career development. Students will learn basic employment strategies, including the steps necessary for obtaining employment related to their own specialty.</td>
<td></td>
</tr>
<tr>
<td>• A teaching minor in another subject is strongly recommended. Teaching opportunities in public schools may be significantly reduced without a second teaching subject that a teaching minor provides.</td>
