**THE DISCIPLINE:**

The Department of Art serves five main purposes:

1) preparing competent professionals in various fields of the plastic and graphic arts;
2) preparing qualified designers in problems solving of two- and three-dimensional applications;
3) training historians who can critically appraise works of art;
4) preparing art educators for teaching the visual arts at the elementary, secondary, and high education levels; and
5) generally developing the aesthetic sense of individuals by helping them experience art.

**CAREER OPPORTUNITIES:**

The art education degree certifies the student as an art specialist, grades K-12, in public or private institutions. Other opportunities for the certified art specialist are in foreign school systems, recreation programs, art museum education programs, and galleries. Students qualify for positions in artist-in-the-schoools programs and arts councils and as art critics and art consultants/coordinators. The degree also provides a foundation for graduate degrees, enabling the student to teach in colleges and universities (private, public, vocational, and technical) or practice art therapy.

**NEW STUDENT APPLICATION DEADLINES:**

**Freshman Enrollment**

Freshmen are accepted only once a year. Application deadline is February 15 and enrollment is limited. Application forms are available in the department offices. Individuals will be notified whether or not they have been accepted by April 4.

**Transfer Students**

Transfer students in art disciplines will need to meet with area coordinators. Transfer students in design disciplines will need to participate in one of two reviews: reading days in April or reading days in August. Contact the department office at 378-2064. Transfer students will also need to submit an application.

**Note:** Individuals receiving notice of acceptance will be permitted to register for the foundation 100-level core classes fall and winter semesters.

---

Note: Students are encouraged to complete an average of 16 credit hours each semester or 32 credit hours each year, which could include spring and/or summer terms. Taking fewer credits substantially increases the cost and the number of semesters to graduate.
