Candidates for Advanced Degrees
Class of 2017

SIGNIFICANCE OF THE ACADEMIC COSTUME

The significance of the academic costume is determined especially by the sleeves and hoods.

Doctors wear the round bell sleeve; the gown is faced down the front and barred on the sleeves with black velvet or color indicating the degree; the doctor's hood is large. The doctor may choose to wear the gold tassel on the cap.

Masters wear the long, closed sleeve, with a slit near the upper part of the arm; the master's hood is of more moderate size.

Bachelors wear the long or pointed sleeve. The color of the tassel indicates whether the degree is in the field of arts (white), fine arts (brown), music (pink), or science (golden yellow).

Commencement Speaker

Bradley D. Foster

Elder Bradley D. Foster was sustained as a General Authority Seventy in April 2009. He currently serves as executive director of the Family History Department. He has served in the South America South Area Presidency, headquartered in Argentina, as well as in the North America Southwest Area.

Prior to his call as a General Authority, Elder Foster served as

mission president of the California Arcadia Mission and has served as stake president and bishop and in numerous other Church callings.

Elder Foster was born and raised in the Rigby, Idaho, area. Following a full-time mission to Texas, he married Sharol Anderson in the Idaho Falls Temple. Elder and Sister Foster have four daughters and fifteen grandchildren. In 1971 Elder Foster attended Ricks College, focusing on preveterinary studies. He then started his own company, Foster Agri-Business, a vertically integrated agricultural company that is still in operation today. After Elder Foster was called as a General Authority, his family took over the company.

Elder Foster has also served as a member of the Idaho Potato Commission, on the board of directors for Farm Credit Bank, and on the President's Advancement Council at BYU-Idaho.

Throughout his life Elder Foster has discovered that "we learn a lot of things between the pages of books in the library, but we also learn a lot of things between a rock and a hard spot."
